<ul style="list-style-type: none"> • Modern Management: Microsoft Intune (UEM), Autopilot, IGEL UEMS, Jamf. • Identity & Security: Microsoft Entra ID (Azure AD), MFA, Conditional Access, Okta SSO, Zscaler, Cisco/Poly AV Systems, High-frequency network patching. • Virtualization: Citrix XenApp/Cloud, AWS (EC2/VPC), VMware vSphere/ESXi, Hyper-V. • Endpoint Defense: M365 Defender, CrowdStrike Falcon, Symantec, Trend Micro, Nextthink. • Automation/Code: PowerShell, Bash, JavaScript, HTML/CSS, GitLab (Version Control). • Cloud & Productivity: AWS (EC2/VPC), Microsoft 365 (E5), Exchange Online, Google Workspace, Mimecast. • Unified Endpoint Management (UEM): Microsoft Intune, Autopilot, IGEL UEMS, Apple Business Manager (ABM). • Identity Access (IAM) & Network: Microsoft Entra ID (Azure AD), Conditional Access, MFA, RBAC, Okta SSO, Zscaler, Cisco/Poly AV Systems, High-frequency network patching. • Cloud & Productivity: AWS (EC2/VPC), Microsoft 365 (E3/E5), Teams Telephony, Exchange Online, SharePoint, Google Workspace. • Endpoint Security: M365 Defender, CrowdStrike Falcon, TrendOne, Vulnerability Management. • Automation & Engineering: PowerShell (deployed via GitLab), Bash, Nextthink Analytics. • Frameworks: ITIL v4, Change Management, Vendor Management, Stakeholder Engagement. 			
Work Experience			
Founder & Creative Director Société il Noir		Jul 2025 – Present	
<ul style="list-style-type: none"> • Infrastructure Design & Curation: Orchestrating the development of dynamic venue spaces tailored for high-output creative units, film production, and gaming communities. • Narrative & Product Development: Managing a complex, self-hosted digital archive of over 1,000 narrative assets, applying structured data principles to ensure consistency across a sprawling fictional mythology. • Strategic Partnerships: Facilitating logistics and participant engagement for high-profile community initiatives, including My Dinner With CIC, to foster creative culture and social connectivity. • Multimedia Integration: Bridging technical systems with aesthetic output by overseeing the production of visual and sonic assets used within the Société il Noir ecosystem. • Brand Architecture: Directing the visual identity and digital presence across web and social platforms, ensuring a cohesive philosophy of "collaborative action" is maintained across all touchpoints. 			
Independent Consultant – Technical & Creative Services hblondel.co.uk		March 2025 – Present	

<ul style="list-style-type: none"> • Creative Content Production: Delivering freelance motion graphics, animation, and graphic design for clients including Capital City College. • Technical Research & AI: Maintaining a development cycle focused on the practical application of Generative AI (Adobe Firefly, Midjourney, Stable Diffusion) and JavaScript automation within production environments. • Operational Coordination: Supporting Symbol Property Holding Ltd with project planning and branding, ensuring technical alignment for property initiatives. 	
Senior Modern Workplace Engineer Trading Hub Ltd	February 2023 – March 2025
<ul style="list-style-type: none"> • Infrastructure & Systems: Architected and deployed a SharePoint-based Document Management System to centralize all project documentation, legal filings, and contractor communications. • Project Management & Logistics: Orchestrating complex renovations, including loft conversions, by managing a cross-functional team of 5+ contractors (builders, landscapers, roofers). • Brand & Identity: Led the creative direction and collaborative design process for the corporate identity and visual branding. • Compliance & Governance: Managed official filings via Companies House and established the legal/financial framework for the business entity. 	
Co-Founder & Director of Operations Symbol Property Holding Ltd	May 2023 – Present
<ul style="list-style-type: none"> • Strategic Transformation: Orchestrated the transition from legacy imaging to Microsoft Autopilot and Intune, reducing global device deployment time by 60%. • Infrastructure Relocation: Led IT infrastructure engineering for a full office move, migrating business-critical workloads to AWS and Citrix Cloud while maintaining 100% uptime. • Workflow Automation: Developed and maintained a version-controlled library of PowerShell scripts in GitLab for automated application packaging and OS patching. • Identity Governance: Hardened the security perimeter by implementing Entra ID Conditional Access policies and MFA for SaaS and remote access. • Physical Engineering: Designed new comms room environments, managing server hardware deployment and network patching for high-frequency trading requirements. 	
Service Delivery Consultant Forvis Mazars London	February 2022 — April 2023
<ul style="list-style-type: none"> • Enterprise Scaling: Managed a modern workplace ecosystem for 1,200+ UK users, administering Intune configuration policies and Entra ID governance. • Proactive Operations: Utilized Nexthink and M365 Defender to monitor endpoint health, reducing service desk volume by 15% by remediating issues before user impact. • Secure Access: Operated and maintained Zscaler (ZIA/ZPA) to provide secure, cloud-native access for a hybrid workforce. • Business Continuity: Managed infrastructure segments for major office relocations, ensuring seamless hybrid transitions through enhanced security protocols. 	
Endpoint Engineer Moonpig / Photobox Group	July 2018 — February 2022

<ul style="list-style-type: none"> • Hybrid Fleet Management: Directed the lifecycle of a 600+ device estate (Windows/macOS), implementing Jamf/Intune co-management. • Identity Lifecycle: Acted as the key technical resource for Okta SSO, automating user onboarding/offboarding to reduce friction. • Threat Protection: Deployed CrowdStrike Falcon across the global estate to establish automated threat detection and response. • Studio Infrastructure: Designed comms rooms and managed physical migration of Dell PowerEdge and HP Proliant hardware during office relocations. 	
<hr/>
